- Experimental animal lab Certificate, from NCER, Mansoura, Egypt
- Identification of Different Cancer Cell Lines, Isolation of Cancer Cell Lines, How to assay the results after drug application (Cell Viability Assay, Flow Cytometric Assay, and Gene Expression Assay (by Conventional & Real-time PCR) certificate, from NCER, Mansoura, Egypt
- Molecular Biology Lab (Human blood DNA Extraction, Animal RNA Extraction, gel electrophoresis, Real-Time PCR, and Conventional PCR, Certificate, from NCER, Mansoura, Egypt
- Microbiology workshop Certificate, from NCER, Mansoura, Egypt
-

EDUCATION

- M. Sc., of biomedical science, The BRAWIJAYA UNIVRSITY, MALANG ,INDONESIA .
- B. Sc., of biomedical science , SIRTE university, HOUN , Libya

EMPLOYMENT

✓ **head of lab department , ALZANTAN hospital - ALZANTAN ,Libya**

Dates of Employment: MAY 1 , 2017

I've worked as hospital *Technician* for 3 years since 2017, during this period I've observed the analyses in lab and this allow me to work closely with medical and nursing staff to make sure hospital patients receives the best treatment.

Achievements:

- Manager of lab Hospital .
- Supervisor, I supervised on the work of less experienced and less qualified students.
- lecturer (immunology and hematology)in Siret university
- Supervisor of many gradate projects in laboratory departments

PERSONAL INTERESTS

I have a lot of interests that I prefer to do it in a schedule during my weekend, for instance

- Travelling and going picnic

I've visited many archaeologic places like **LEPTIS MAGNA** in Al Khums, **SABARATA** in Al Zawia, **CYRENE** in Jabal Akhdar, and **ACACUS MOUNTAINS** in Ghat).

- Swimming, diving, and fishing

I usually go to the sea by end of working every Monday with my family

- Soccer I

I like playing soccer with my friends every Thursday; we made team when we were at collage

(*) NCER = Nile Center for Experimental Research- Mansoura, Egypt
